THE INVALID'S FRIEND.

HOLLOWAY'S PILLS.

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing; for where can a remedy be found? Here is one:—Drink but little wine, beer or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of these Pills every night; eat plenty of solids, and avoid the use of slops. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters.

If there is one thing more than another for which these Pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and renewing suspended secretions. Universally adopted as the one grand remedy for female complaints, these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

The Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of liver & stomach.

Bronchitis, Diptheria, Coughs, Colds.

No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of blood, relieve any overgorged veins, moderate the hurried breathing and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers, cleanse the blood from all impurities, and thus fortify the system against consumption, asthma, and other pulmonary complaints.

Debilitated Constitutions.

In cases of debility, languor and nervousness, generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease, re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigour.

Biliousness, Loss of Appetite, Headache and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions as they create a healthy appetite, correct indigestion, remove excess of bile, and overcome giddiness, headache, and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague	Female Irregularities	Retention of Urine
Asthma	Fevers of all kinds	Scrofula, or King's Evil
Bilious Complaints	Fits	Sore Throats
Blotches on the skin	Gout	Stone and Gravel
Bowel Complaints	Head-ache	Secondary Symptoms
Colics	Indigestion	Tic Douloureux
Constipation of the Bowels	Inflammation	Tumours
Consumption	Jaundice	Ulcers
Debility	Liver Complaints	Venereal Affections
Dropsy	Lumbago	Worms of all kinds
Dysentery	Piles	Weakness, from whatever cause, &c., &c.
Erysipelas	Rheumatism

NEW WESTMINSTER, THURSDAY, MAY 18, 1865.

AGRICULTURAL.

We are glad to observe a growing disposition to engage in agricultural pursuits in this colony. It has always been a source of surprise and regret to witness a marked disinclination to settle down to farming, while there was such an abundance of good land, a ready and most remunerative market and plenty of bone and sinew unemployed. Gradually, however, the prejudices and cavils which we used to hear raised against the soil, the climate and the country generally are becoming fewer, and every fresh evidence of the wonderful productiveness of the soil adds to the number of our farming population. Four years ago we recommended those in want of employment to turn their attention to farming, referring them to the high prices of all kinds of farm produce in proof of the probable remuneration. We were met with the reply that the soil was not adapted for agriculture, that it would cost too much to clear the land, and that although prices were high at the time they would in all probability be low enough before a crop could be harvested. Time has glided on, and although prices have been subject to more or less fluctuation yet they have averaged fully as high during the four years as they were at the commencement of that period, and to-day we find a ready market for all kinds of produce, with a supply falling very far short of the demand. And what have these men, who turned a deaf ear to our recommendation four years ago, been doing meanwhile? Have they done better or worse? We regret to have to say that very many of them have been frittering away valuable time, and are to-day just about where they were then, with this difference against them, that they have been tweedling their thumbs in feckless indecision while others have secured the most desirable spots, and have made for themselves comfortable homes. Land which they could have had at a dollar an acre is now held at ten, while suburban lots with all their stumps are leasing at fifteen to twenty dollars an acre per annum for agricultural purposes! It appears to us to be the very acme of folly for people in a new country like this to give way to such a restless spirit, wasting their time and substance in following, as it were, an *ignus fatuus*, instead of settling down to some stated occupation and pursuing it with that persevering avidity which seldom fails of success. "A rolling stone gathers no moss" is a truism which many in this land of excitements and changes would do well to remember. We could point to numbers of instances in which the profitableness of farming has been amply demonstrated, both in the upper country and on the Lower Fraser. But why should we multiply instances? Anyone who will take the trouble to calculate the product of a farm at the ruling prices this year will readily see that it is no exaggeration to say that a fortune can be made at it in a very short time. We are well aware that gold mining, with its constant round of excitement, has superior charms for most men; but look at the result financially, physically and morally. In nine cases out of ten the miner fails in realizing even a competency, while his constitution is wrecked and his mind dissipated and impaired. On the other hand, the farmer is surely if slowly, but not necessarily slowly, accumulating a fortune, and establishing a comfortable home for himself and family; and in doing this he is not exposed to those privations, dangers, anxieties and ruinous excitements and reverses incident to the life of the gold miner. He can and ought to be happy, comfortable and contented all the while—enjoying the present while successfully engaged in laying up a goodly store against the future. Depend upon it those who are content to apply themselves to farming will come out best in the end.

CATTLE FOR BRITISH COLUMBIA.—We learn from a notice in the *Umatilla Advertiser* that Mr. A. F. Kingscote and Mr. Geo. Wilson left Umatilla on the 9th inst. with a drove of 300 head of cattle for British Columbia, and that on the same day Mr. L. Campbell, formerly engaged in packing in this colony, and Mr. J. Wilson left the same place with the same number of cattle, having the same destination.

BANK OF BRITISH COLUMBIA.—It will be seen by a notice elsewhere that this Bank has materially extended its usefulness by multiplying its connections abroad.

CALIFORNIA DATES TO THE 16th.

NEW YORK, May 9.—The President has issued a proclamation declaring that after reasonable time shall elapse, if any foreign nation shall extend hospitalities to rebel cruisers, the vessels of such nations will be refused the hospitality of United States ports. The President has issued an executive order re-establishing the authority of the United States in Virginia. All acts, proceedings or organization of insurrection against the authority of the United States, of which Jeff. Davis, John Letcher and William Smith were representative chiefs, are declared null and void. The order directs the bringing to judgment and execution of all property subject to confiscation, and the enforcement of the administration of justice within said State, in all matters civil and criminal within the cognizance of Federal courts, as well as complete re-establishment of authority and laws of United States.

WASHINGTON, May 9.—Intelligence has been received at headquarters of the complete surrender of Dick Taylor's forces to Canby. The escape of Davis is believed to be impossible. He is reported to have been driven from Washington, Georgia, by Stoneman's forces. The direction taken by him indicates an attempt to cross the Mississippi. It is now thought that he and his Cabinet are completely hemmed in by Stoneman and Grierson. Evidence in possession of Government as to the complicity of Jeff. Davis and his prototypes is such that no foreign government will hesitate a moment in giving them up. Evidence is to be sent to all our ministers, with description and photograph of the fugitives.

NEW YORK, May 10.—Mexican emigration excites much attention. The office for enrollment is unable to accommodate applicants. There is a great rush of discharged officers and soldiers. Gen. Ortega is at the head of the enterprise, and is highly delighted with the prospect. It is said that West has contributed large sums of money, and 25,000 men will be raised, to be commanded by Rosencrans. It is understood that common emigrants are guaranteed 1800 acres of land. Land bounties to be received by those commissioned as officers much larger. All go fully supplied with weapons of defense. Such arrangements have been made as allow this to be done without a breach of international law.

WASHINGTON, May 9th.—President Juarez, of Mexican Republic, has issued letters of marque and reprisal against French commerce.

PHILADELPHIA, May 10.—Subscriptions to-day to 7:30 loan amounted to seventeen millions one hundred thousand. Single subscriptions ranging from one to three millions, nearly twelve hundred thousand of fifty thousand dollars.

NEW YORK, May 10.—The *Asia*, from Liverpool on the 30th, arrived. A letter of condolence to the American people passed the Lower House of Austrian Reicheath unanimously. The Swiss Government forwarded an address. Napoleon has gone to Algiers. An immense meeting was held at St. James Hall, London, on Saturday evening for expression of feelings of sympathy to U. S. Government. The galleries of hall were draped in black. The assembly contained an array of parliamentary gentlemen. Many leading citizens and many ladies were present, a majority in mourning. Resolutions were adopted not only unanimously but with intense feeling rarely seen at public meetings.

LIVERPOOL, April 29.—Confederate loan is flat at 11 @ 13. The assassination continues to be the absorbing theme. The Russian Government and Italian Chambers have expressed their sympathies.

NEW YORK, May 11.—Government has full details concerning Davis' bureau of torpedoes and infernal machines. Pictures of these deadly engines were captured, among other devices were torpedoes in shape and appearance of steamer coal, perfect in resemblance. All cavalry whose terms expire prior to October, will be mustered out and paid.

PHILADELPHIA, May 11.—During a violent thunder-storm this p. m., 28 houses in the northern section of this city were blown down.

CAIRO, May 11.—Convention of Mississipians will be held at Vicksburg on 5th of June to inaugurate the Government for the restoration of the state to the union. Citizens of Memphis charged with rejoicing over the assassination, were sentenced by military commission to from 4 days to 1 year imprisonment.

WASHINGTON, May 11.—The Navy Department has issued orders directing all naval officers to permit vessels with United States custom-house permits of clearance, to enter all ports within the lines designated in the President's executive order of April 29, provided they have nothing contraband of war aboard. The Mexican emigration fever is increasing. Grant was before the Committee on the Conduct of the War yesterday, giving evidence in relation to negotiations between Sherman and Johnston. The advance of armies marching northward is expected to reach Washington to-morrow night.

SAN FRANCISCO, May 12.—Greenbacks, 75 and 75½. Gold, sterling, 130.

The *Orizaba* sailed at 6 p. m. for Victoria.

SAN FRANCISCO, May 13.—Bottom is still out of stock market. Mining shares are still further depressed. Flour, moderate jobbing trade, principally in productions of localities, at steady prices. Wheat quoted at 4¾ @ 5c. without business of moment. Barley, dull; 500 sacks choice feed at 2 @ 3 dollars; ditto brewing, $2 10c. Oats, sales of 500 sacks; common Humboldte, private $2. Market heavy, potatoes 3½.

SAN FRANCISCO, May 15.—Jeff. Davis was captured in Georgia on the 10th.

NEW YORK, May 11.—William Lloyd Garrison has resigned his position as President of the Anti-slavery Society. Wendall Phillips has been selected to fill his place.

NEW YORK, May 11.—Harrold was arraigned yesterday. Considerable testimony was taken in the case and gratifying progress made. Testimony has been or will be offered, showing that Harrold went to Canada and conferred with rebel commissioners about assassination of Lincoln. Since Booth's return from there Mrs. Surratt, who seems to have been one of the chief instigators and participators, is kept closely guarded. She is very defiant and unrelenting. Her daughters do not seem to have been implicated; they will be retained as witnesses. One of them is very sick and reported to have poisoned herself. It is positively known that Surratt is in Canada, and there is little doubt he will soon be taken.

NEW ORLEANS, May 12.—Rebel General Kirby Smith publishes a frantic appeal to his soldiers, dated Shreveport, 21st, announces the surrender of Lee and urges his troops in the strongest terms to stick by their colors. Shreveport *Democrat* expresses amazement at assassination of Lincoln.

NEW YORK, May 11.—The *Commercial's* special says Secretary Seward proposes to present the new French minister in person to the President. Should he be able to endure this fatigue he will give the Presidents' reply to the Minister's speech on presenting his credentials. This will be no departure from the rule of neutrality already established. Fears of foreign complication will not be realized. Advices from San Domingo to April 9th received. The Aspinwall steamer had arrived with an order from Madrid for evacuation of Spanish troops who left that island on 30th March.

CHICAGO, May 13.—Jeff. Davis with his family was captured in Georgia on the 10th.—Signed, Rankin, reporter of associated press.

SAN FRANCISCO, May 15.—Steamer *Sacramento*, from Panama, bringing California mails and passengers from New York 25th April, arrived this morning. Flour, 200 barrels Chili, duty paid, 1400 dollars. 200 quarter-sacks Napa extra, 15c. Wheat sales 55 tons, on terms not transpired. Oats, 120 sacks on Saturday, $2 @ $2 10c. per 100 lbs. Barley dull; sale 250 sacks. Seed potatoes, 200 sacks Humboldt at 3¾. Hay quiet at 15c and 20c. Private dispatches quote gold 129 sterling exchange, 199¾ premium. Legal tenders 75. Gold on 13th 131½; quotations of 11th were 129.

SAN FRANCISCO, May 16.—The *Sierra Nevada* sailed for Victoria, V. I., to-day.

FROM YALE.—The steamer *Reliance* arrived from Yale on Tuesday evening, bringing Dietz & Nelson's Express, and a considerable amount of treasure. There is very little news from the interior. The first teams had reached Soda Creek. On Monday 63 pack animals with freight to load them were brought down from Yale to Hope, and would start out immediately for Kootenay. Messrs. Uriah Nelson & Co., are transferring all their rolling stock to the Yale-Lytton route. Trade continues very brisk at Yale.

FROM PUGET SOUND.—The schooner *Flying Mist* arrived yesterday from Steilacoom, with 96 head of cattle for Mr. George Black. The stock has been turned out on the Pitt River meadows, about 6 miles from this city, to fatten for beef.

FOR YALE.—The three river steamers *Reliance, Hope*, and *Lillooet*, all left for Yale yesterday, each carrying more or less freight and passengers.

DEPARTURE.—The Ven. Archdeacon Wright and family left by the steamer *Enterprise* yesterday for Victoria *en route* to England.

FROM THE EASTERN PROVINCES.—The Parliament of Canada was prorogued on the 18th March and will re-assemble early in summer. Meanwhile four commissioners will proceed to England to confer with the Imperial Government upon Confederation and other important matters. In Nova Scotia the Government introduced a resolution in both Houses admitting the impracticability of immediate union of all the Provinces and affirming the desirability of a resumption of negotiations for a legislative union of the Maritime Provinces. In New Brunswick matters are somewhat complicated. Personal differences had arisen between Governor Gordon and Smith which would probably cause the former to call upon some one else to form a Government. The Hon. Mr. Tilley had not yet resigned.

The Common School.

To the Editor of the British Columbian.

SIR,—Although the public cannot charge you with dereliction of duty in respect to urging upon the Government the claims of common school education in this city, and, for that matter, in this colony, I must express surprise at the procrastinating policy pursued, so far as providing proper school accommodation in New Westminster is concerned. So urgent was the case that one would have supposed the Executive only awaited legislative sanction to the miserable little item of £250, in the Estimates, in order to proceed at once with its expenditure. Several months have elapsed, however, since the item was voted, and yet ground has not been broken. The "wretched cabin," as you have properly designated it, now in use has been long crowded to excess, and I can count at least a dozen of children who have either been kept away or taken away on account of the defective accommodation; and now that the summer weather is at hand, when it will be sacrificing the comfort and endangering the health of those still in attendance, a further thinning out must take place. It really appears inexplicable that so much apathy should be manifested respecting a matter of such vital importance. I know of people who have been deterred from settling here on account of the absence of suitable school accommodation; and I know of people now residing here who, from the same cause, have been reluctantly obliged to send their children elsewhere. Is this the way to induce the most desirable class of immigration to settle amongst us, or is this proper treatment of those who, with their families, have settled here? It is nearly a year since at a very large public meeting a provisional committee was appointed to co-operate with the Government in managing common school matters in this city, until such time as a school system might be enacted for the colony; it is several months since a sum of money was placed at the disposal of the Executive for the purpose of providing some sort of a decent school-house, and yet, as I have said, nothing has been done. His Excellency may possibly deem this a light subject; but he should not forget that to those of us who have young families growing up in ignorance it is one that presses heavily upon us—one in which we feel keenly. Continue, I beseech you, Mr. Editor, to lift up your italics until this unaccountable lethargy gives way to prompt and practical action.

AN INDIGNANT PARENT.

[The irritated and impatient tone of our correspondent is not to be wondered at. It will, however, be gratifying to "An Indignant Parent," as well as to the community generally, to know that instructions were given on Monday for the immediate preparation of plans for the new school building to be erected without delay upon the reserve at the junction of Mary street and the Royal Avenue; so that, happily, it will be no longer necessary for us "to lift up our italics" upon the subject; at least we sincerely hope it will not.—ED.]

Ignorance in England.

Mr. J. E. White, Assistant Commissioner to the Children's Employment Commission, says in his report on the Birmingham district.—"As many as 32 persons, averaging over twelve years each, and including a young man of 20, and 3 girls or women, one of 18 and two of 17, could not tell the Queen's name. Q. 'Is it Victoria?' A. 'Oh no, I don't know when I hears it so.' 'Can't understand them things.' Some did not know of her existence; others showed a dark and lately got glimmering, by such answers as that she 'is the Prince Alexandra,' 'is the Prince of Wales,' 'him and her got married,' 'she belongs to all the world,' and so on. Indeed a question about her, when put, was scarcely ever answered. These 32 persons were in a variety of work places and occupations; 28 of them in Birmingham, one at West Bromwick, and three girls, the eldest of them 16 near Stourbridge; very few indeed of them were under 11. This, however, is merely part of a wider general ignorance shown by very large numbers. Of the commonest and simplest objects of nature, flowers, birds, fishes, rivers mountains, sea, or of places such as London, &c., in England, or other countries out of it, or how to get there, many know little or nothing. 'London is a county,' but also 'is in the Exhibition.' Ireland, 'is a little town.' A violet 'is a pretty bird,' lilac 'is a bird,' 'believe I would know a primrose, its a red rose like.' 'Don't know if a robin redbreast is a bird or if it flies or sings, or 'if an eagle is a bird;' 'don't know what a river is, or where the fishes are;' 'a mountain would be on the water, I should think; didn't know where the snow falls from, or whether it comes from the clouds, or sky, or where;' 'the sea is made of land, not of water.' People then may well 'go in a train to America, all the way.' Even the eye is inaccurate for want of training. A picture of a cow being milked is shown; 'he's a lion.' A map is incomprehensible to a young man of twenty who thinks that the 'sun is in the North in the middle of the day; no, it sets in the North.' Even women are sometimes unable to tell the clock. But of very many, indeed, the state of mind as regards the simplest fact of religion is dark almost beyond belief. It is not too much to say that to many, God, the Bible, the Saviour, a Christian, even a future state, are ideas entirely or all but unknown. God is 'a good man,' or 'the man in heaven;' 'I've heard that (Christ), but don't know what it is.' 'Nor do others know where God lives,' or 'about the world being made,' or 'who made it,' or of the Bible, 'it is not a book.' 'Have not heard of Christ; I had never done my work till so late;' 'have heard about Jesus Christ, but its so long since that I've forgot;' 'I don't know if I'm a Christian,' or 'what it is,' or 'means,' but all people are so. Heaven was heard of only 'when father died long ago, mother said he was going there.' Some think that bad and good go there alike, or on the other hand, that 'them as is wicked shall be worshipped, that means shall all go to hell; or again, that when people die 'they be buried, bain't they—their souls as well as their bodies.' 'All go in the pithole when they be buried; they never get out or live again; they have not a soul; I have not one. The soul does not live afterwards; it's quite an end of people when they die.' 'The devil is a good person; I don't know where he lives.' 'Christ was a wicked man.

PUBLIC NOTICE.
COTTONWOOD & RICHFIELD
WAGGON ROAD.

SEALED TENDERS will be received at the Lands & Works Office, New Westminster, up to noon of WEDNESDAY, the 31st day of MAY, 1865, for the construction of a Waggon Road connecting the COTTONWOOD RIVER BRIDGE with the road now made to a point about 3 miles from the town of Van Winkle.

The road to follow the present blazed line as far as Davis' Creek, and thence along the valley of Lightning Creek to the point above named. The road will be divided into three sections.

SECTION I.—Extending from Cottonwood Bridge to a point on Lightning Creek where the blazed line of road intersects Capt. Grant's Trail.

SECTION II.—Extending from the last named points to Davis' Creek.

SECTION III.—Extending from Davis' Creek to the termination of the road (now constructed from Richfield), in the vicinity of the 47-mile post on Captain Grant's Trail.

Parties tendering for more than one section of this work must send in a separate tender for each section.

With each tender must be enclosed a Bond of the person tendering, and of two responsible Sureties with him, for the payment to the Government of the sum of £1,000, conditional on the non-fulfilment by him of the terms of his tender, if accepted.

The lowest or any tender not necessarily accepted.

Further particulars can be had by applying at the Lands & Works Office, New Westminster, or at the Magistrate's Office, Quesnelmouth, where the Specifications and form of Bond can be seen.

Tenders to be addressed to the Chief Commissioner of Lands & Works, and superscribed "Tender for Cottonwood and Richfield Road."

ALL CURES MADE EASY!!
HOLLOWAY'S OINTMENT.

Bad Legs, Ulcerous Sores, Bad Breasts and Old Wounds.
No description of wound, sore, or ulcer can resist the healing properties of this excellent Ointment. The worst cases readily assume a healthy appearance whenever this medicament is applied; sound flesh springs up from the bottom of the wound, inflammation of the surrounding skin is arrested, and a complete and permanent cure quickly follows the use of the Ointment.

Piles, Fistulas and Internal Inflammation.
These distressing and weakening diseases may with certainty be cured by the sufferers themselves, if they will use Holloway's Ointment, and closely attend to the printed instructions. It should be well rubbed upon the neighbouring parts, when all obnoxious matter will be removed. A poultice of bread and water may sometimes be applied at bed time with advantage; and most scrupulous cleanliness must be observed. If those who read this paragraph will bring it under the notice of such of their acquaintances whom it may concern, they will render a service that will never be forgotten, as a cure is certain.

Rheumatism, Gout & Neuralgia.
Nothing has the power of reducing inflammation and subduing pain in these complaints in the same degree as Holloway's cooling Ointment and purifying Pills. When used simultaneously they drive all inflammation and depravities from the system, subdue and remove all enlargement of the joints, and leave the sinews and muscles lax and uncontracted. A cure may always be effected, even under the worst circumstances, if the use of these medicines be persevered in.

Eruptions, Scald Head, Ringworm & other Skin Diseases.
After fomentation with warm water, utmost relief and speediest cure can be readily obtained in all complaints affecting the skin and joints, by the simultaneous use of the Ointment and Pills. But it must be remembered that nearly all skin diseases indicate the depravity of the blood and derangement of the liver and stomach, consequently, in many cases, time is required to purify the blood, which will be effected by a judicious use of the Pills. The general health will be readily improved, although the eruption may be driven out more freely than before, and which should not be promoted; perseverance is necessary.

Sore Throats, Diptheria, Quinsey, Mumps & all other Derangements of the Throat.
On the appearance of any of these maladies the Ointment should be well rubbed at least three times a day upon the neck and upper part of the chest, so as to penetrate to the glands, as salt is forced into meat: this course will at once remove inflammation and ulceration. The worst cases will yield to this treatment by following the printed directions.

Scrofula or King's Evil and Swelling of the Glands.
This class of cases may be cured by Holloway's purifying Pills and Ointment, as their double action of purifying the blood and strengthening the system renders them more suitable than any other remedy for all complaints of a scrofulous nature. As the blood is impure the liver, stomach and bowels, being much deranged, require purifying medicine to bring about a cure.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs.	Chapped Hands.	Scalds.
Bad Breasts.	Contracted and Stiff Joints.	Sore Nipples.
Burns.	Elephantiasis.	Sore-throats.
Bunions.	Fistulas.	Skin-diseases.
Bite of Mosquitoes and Sand-Flies.	Gout.	Scurvy.
Coco-bay.	Glandular Swellings.	Sore-heads.
Chiego-foot.	Lumbago.	Tumors
Corns (soft).	Piles.	Ulcers.
Cancers.	Rheumatism.	Wounds.
Chilblains.		Yaws.
